Thanks Tom. This will be Betsy Behl and Jamie Strong for us. Jennifer and I will also stay involved on this.

Lawrence – please place all of the EPA comments sent to ATSDR in a share point folder and provide access to those cc'd above.

For those cc'd – we forwarded to ATSDR the comments we received from program offices. In several cases, comments were embedded in the draft profile rather than a separate summary document.

Betsy and Peter – please send me the names of those OW would like involved in the review. Please include individuals involved in constructing the Health Advisory. Important that we have people knowledgeable about the underlying studies and the decisions EPA made to construct the HA.

Subject: Request for EPAs comments on ATSDR PFAS Tox Profile

Hi Tom and Lawrence: Betsy contacted me about getting EPAs (OLEM, R2, ORD) comments to OCSPP upper management (Nancy Beck, Mike Dourson) as per their request. She has already forwarded OWs comments. As I recall, OCSPP did not comment. I am referring this to you since you sent them all to ATSDR. And ccing Bruce for awareness.
